

FIRESTONE LE-02

LE-02

4X4/SUVs

Firestone Destination LE-02 offers drivers of recreational vehicles well-balanced performance in the wet and dry: a comfortable, quiet ride and lower rolling resistance at an affordable price.

FEATURES

Centre narrow groove for improved handling performance & stability.

Rib combination lug that reduces road noise when driving.

Centre cross sipe that improves the tyres wear life and prevents irregular wear.

Shoulder sipe to further reduce road noise when driving
