

## **BRIDGESTONE R192**

**Urban | All Position**

This tyre has been engineered especially for urban bus operations. The sidewall protector line minimises cutting and abrasion caused by kerb scuffing and the extra deep tread provides a longer original life, while the thick tread gauge allows for superior retreadability.

### **FEATURES**

- Excellent sidewall protection minimises scuff damage and abrasion from kerb
- Extra deep tread for long tyre life and low cost per kilometre
- Thick tread gauge for improved retreadability
- Good wet traction

### **SPECIFICATIONS**

TYRE SIZE	LOAD INDEX & SPEED SYMBOL	PLY	TYPE
305/70R22.5	152J	-	T/L T
11R22.5	148J	16	T/L T

## **BRIDGESTONE R187**

**Urban | All Position**

An all-wheel position tyre designed for city and highway services. Excellent driving stability, traction and durability with a high resistance to irregular wear.

### **FEATURES**

- Resistant to irregular wear
- Resistant to cut chip and stone retention

### **SPECIFICATIONS**
